

LEADERSHIP SKILLS TRAINING

Strengthen your potential to lead through my.voice

A programme developed by Engage South Africa and brought to TVET students in partnership with SSACI

Leaders are made, they are not born.

They are made by hard effort, which is the price which all of us must pay to achieve any goal that is worthwhile.

Vince Lombardi

Everyone has leadership potential

– it just needs to be unleashed, shaped and strengthened!

Progress is not possible without strong leaders.

The world is changing and the same goes for leadership. Modern leadership is collaborative, and now more than ever we need leaders who are inspirational and innovative; strong and ready to empower those around them.

my.voice is a knowledge and skills transfer programme that does just that – developing and promoting the soft skills required for influential, impactful leadership.

The programme uses transformational training methodologies that actively involve participants for better outcomes.

Developed by teaching professionals from the University of Oxford (UK), Windesheim (Netherlands), Johannesburg and IEMSA – this leadership and active citizenship course offers learners a profound opportunity to develop their leadership potential.

THIS PROGRAMME WILL BENEFIT
